## THE CLASS OF 1925

*Respectfully Dedicates this L'Agenda  
to*

*Nelson Fithian Davis, Sc.D.,  
Professor of Biology*

*Whose kindness, unassuming modesty, deep sincerity,  
and whole-hearted interest in the welfare of the  
students and of our Alma Mater has  
assured him a place in the heart of  
every Bucknell Student.*

### Dean Rivenburg

Dean Rivenburg was born in November, 1874 at Clifford, Susquehanna County. He entered Bucknell from Keystone Academy in 1893. In College he was a member of the Phi Gamma Delta, Editor in Chief of the "Bucknell Mirror" and President of his Junior Class. After receiving his B.A. Degree with Summa Cum Laude honors in 1897, he accepted an instructorship at the Peddie Institute. In the following year he received the Master of Arts Degree from his Alma Mater.

At the Peddie Institute his untiring efforts and ability won for him the position of the Head of the Department of Mathematics, a position that he held for twenty-four years. He is the author of "A Review of Algebra". His interest in educational matters, in addition to those of his duties at Peddie, soon won him recognition and he was elected President of the New Jersey Association of Teachers of Mathematics; and President of the Hightstown Board of Education. He was President of the Peddie Chapter of the Cum Laude Society and for the eleven years prior to his coming to Bucknell Assistant Head Master.

When the announcement that Mr. Rivenburg had accepted the position of Dean at Bucknell was made, an editorial appeared in the Hightstown Gazette from which the following excerpt was taken:

"As Assistant Headmaster at Peddie, Mr. Rivenburg has played an influential part in the development of the local school, until, largely through his efforts, Peddie ranks second to none in the field of private secondary school education. He in addition won a veritable host of friends among Peddie Alumnae, many an "old fellow" inquiring after him as his thoughts turn to the Peddie of Yore.

And in the town, too, Mr. Rivenburg's indefatigable personality has wrought works of lasting value. The inspiration which he has furnished the Board of Education has resulted in noteworthy progress within the local school system, and his services to the Baptist Church have been exceedingly great. Indeed Hightstown will feel the loss quite as much as Peddie, for inspirational idealism is not easily replaced."

Dean Rivenburg has already won a warm place in the hearts of the student body and Faculty at Bucknell, because of his genial smile and his constant desire to be of assistance to all who need help. The Class of nineteen twenty-five join all other Bucknellians in extending a warm welcome to such an eminent educator, tireless worker for righteousness, and true Christian gentleman.

## Additions to the Faculty

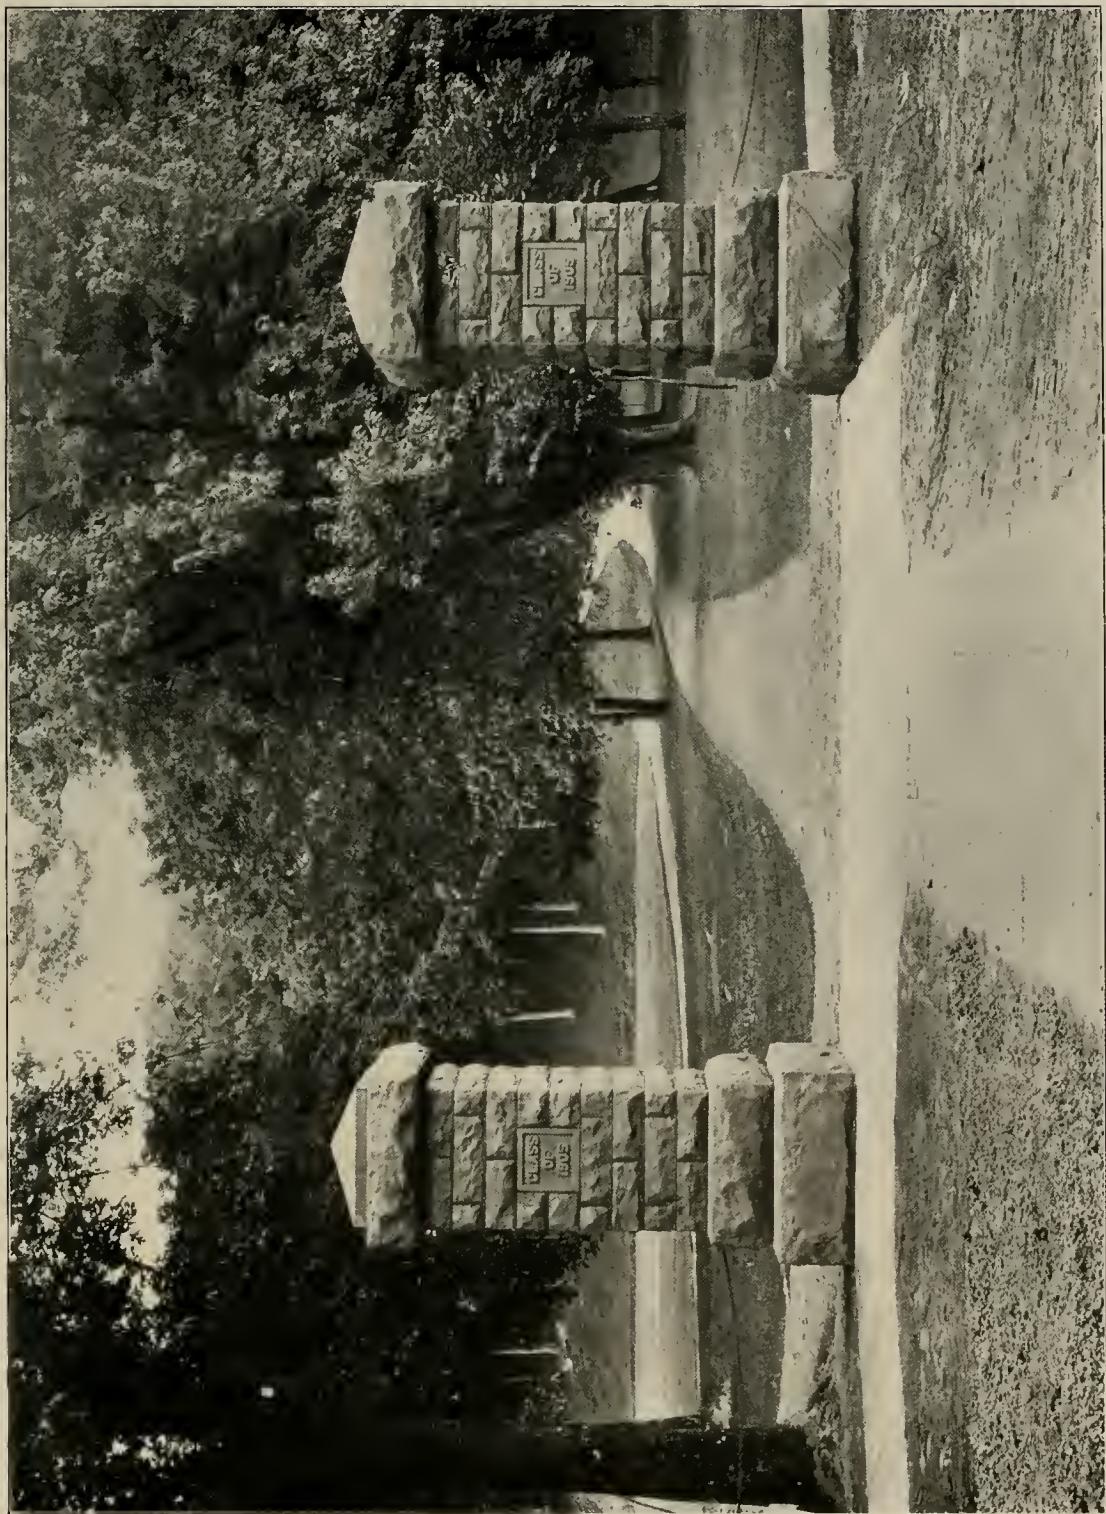

WITH the opening of the college year 1923-24, Bucknell strengthened her faculty by adding several new professors. The Rev. Dr. L. Foster Wood was secured for the chair of Religious Education. Dr. Wood is a graduate of Rochester Theological Seminary and also holds a Ph.D. degree from the University of Chicago. Dr. Stanley P. Davies '12 heads the new Department of Sociology. Dr. Davies is a graduate of Bucknell and received his Ph.D. degree from Columbia.

Mr. James P. Whyte, a former President of the Polytechnic Institute of Billings, Montana, has entered Bucknell as Professor of Oral English. The English Department is under the direction of Dr. Harry W. Robbins, a graduate of Brown University, who was granted his Ph.D. degree at the University of Minnesota. Mrs. Jennie Davis Phillips '01 became a member of the faculty as an instructor in the English Department. Miss Lillian Simble became an instructor in the Department of Home Economics. Mr. Ralph F. Hartz '22 returned to Bucknell as an instructor in the School of Music after a year of graduate work in Italy.

## L'Agenda

**I**T is impossible to include all of the important facts about the College in the catalogue. That carries the *official* facts. There remain the *human* facts.

L'Agenda holds the mirror up to the student life of Bucknell and exhibits their various activities.

The catalogue shows what students do to earn a degree. L'Agenda shows many other things which they do.

The catalogue lists required and elective courses. Those in L'Agenda are all elective.

The student's problem of selection is important and perplexing.

## Thirty-five Years with Bucknell

**A**T the close of the current school year, I will have completed thirty-five years of teaching Psychology and Ethics in Bucknell. I made my first introduction to Ethics in the spring of 1864, in the study of Alexander's Moral Science, and to Psychology while waiting for discharge from the Army in 1865, through Haven's Mental Philosophy. I taught these subjects in Keystone Academy for twenty years, my work being accepted as of College grade by Bucknell and other schools. For thirty-five years, I have lectured and taught along these lines in Bucknell, having read while so doing more than a thousand volumes. But my chief study has been, not books, but life. I tried to stimulate my pupils to vigorous and independent thinking, and to energetic and righteous doing. During fifty years I had always with me the perplexities of scholastic and financial management, as head successively of the two institutions. My recreation and refuge was in study and teaching. My major study was the broad field of Philosophy; my minors the fields, no less broad, of Political History and Literature. These mutually illuminated each other.

In these thirty-five years, I have had a great and steadily increasing respect for the young men and women who pursue courses of study, a respect based both on what they are and on what so many of them come to be. Of the nine or ten thousand students I have had, very few have failed to play an honorable and useful part in the world, and many of them have become distinguished. They have usually good heredity. They came, nine tenths of them, from Christian homes and Christian nurture. Man lives the life his parents have from his childhood trained him for. If he has energy and drive, he will at times go off on a tangent, but soon he will zigzag back to normal. This I have found to be true.

If any one is disposed to be despondent as to the future let him mingle and work with young men. There he will find respect and gratitude, and learn the secret of perpetual youth. When Simon Cameron visiting Lewisburg was asked how he though far past eighty, he still retained control of his party, he replied, "By always working with young men, and never telling old jokes."

## Senior Class History

1924

HE time has come! We of the Senior Class must say "Farewell" to the winding walks and towering oaks of our beloved campus, to the friends and classmates found within these walls, to the men and women who have toiled in our behalf, to our dear old Alma Mater.

And only the past with its fullness of joy, and only the future, with its promise of achievement, can rob of bitterness our last "Farewell."

We look back—and our hearts grow gay in the surging memory of college fun. We hear once more the clash of combat in the scrappy Freshman days; we catch the far-off sound of the Freshman Hop, Sophomore Cotillion, and the more recent Junior Prom. We thrill again to the hours of joy, and we cheer and cheer again to the class of '24.

We look back—and our hearts are full of pride in our class. There is scarcely a campus organization or a position of honor that has not added glory to her name, and the memorial which she will leave to perpetuate her name will be a lasting tribute to those who made possible the triumph of L'Agenda of 1924.

Yes, we are proud! And of our dear old Bucknell! For we of the Senior Class have seen her grow. We have seen the Chemical Laboratory Building enlarged and improved, and a splendid, modern Engineering Building erected and equipped for use. We have seen the enrollment steadily rise above the thousand mark. We have seen new departments added to the curriculum, and additional professorships provided. We have seen the great Stadium Drive go over the top for a "Bigger and Better Bucknell." And through it all, the class of '24 has endeavored to play her part loyally in appreciation and cooperation.

We look back, only once again. And the shade of a great sorrow falls upon us all. No words can tell of the inestimable loss that we of the Senior Class sustained in the death of Dr. Llewellyn Phillips, our Dean, and our Friend. No words can tell of the boundless richness of his life which will find fruitage in ours. And with that sacred hope we turn to the future, comforted.

The time has come. We bid "Farewell" to you, our Alma Mater, with a firm confidence in those who will guide your destiny, and a strong purpose to be true, in spirit and in life, to all that, in us, you have labored and aspired to attain.

## Junior Class History

GAIN history repeats itself. To relate the victories and achievements of the loyal class of '25 would merely indicate the true and concrete worth of that noble body of upperclassmen—the paramount significance of '25 cannot be recorded by material deeds. To enjoy the pleasures of the past years and to feel the sorrows that have come our way; to appreciate the beautiful of the present and to anticipate the success of the future—this is our sterling history.

Unlike the others who have been before us ours is not a 'one man' class. No, nor even a 'two or three man' class. It is the perfect team work—the ideal cooperation—of each and every individual that has put the name of '25 on the roll of honor of our respected institution. Whether at work or at play, no one has ever shirked his or her duty—no one has ever claimed more than his or her share of glory, and no one has ever infringed on the rights of others. These facts are the only explanation for the tremendous success of 1925.

As sponsors of the 'plebe' class of 1926, we have done our duty in showing them the right path—in teaching them the ideals and standards of Bucknell. May our protegees follow in our clear and firm footsteps, and may their deeds and accomplishments be a continuation of the triumphs of 1925.

MARGARET D. ACKERMAN, A X Ω

"Peggy"

Erie

Erie High School

*A. B. Course; Mathematics Club.*

"Requiescat in pace, Rebo Jumbo." There's a sound of weepin, wailin and gnashing of teeth. Peggy's pet elephant is dead and this 20th Century Cicero is holding a mass in Latin for her departed friend. Latin Only? No. She's a scientist of the first order and the four mile is her text book.

HOWARD EDWIN ACKMAN, Φ Θ Σ

"Ackey"

Port Allegany

Port Allegany High School

*Electrical Engineering Course; Electrical Engineering Society.*

"Ackey" was at one time a member of '24, but he saw the light in time, and by dropping out a year, he became one of us. We don't like to hear of an entangling alliance formed in that time, but how can he explain those frequent trips back to "Port".

M. SEILER AMES, Δ Σ Φ

"Cy"

Watsontown, Penna.

Watsontown High School  
Alfred University

*Mechanical Engineering Society, Mechanical engineering course, Senior Council.*

Cy possesses all the qualifications that a man could desire. His outstanding personality has won him the friendship of his classmates and though he hails from the enterprising city of Watsontown it is evident that his superb quality is the incorporation of environments of a blended nature.

EUNICE ELVIRA ANDERSON

Lewisburg, Pa.

Guthrie High School

*A. B. Course.*

Eunice came all the way from the "wild and wooly West" to join the ranks of '25. We were glad to welcome her, for Eunice possesses the unusual combination of scholastic ability and good sportsmanship. Her perseverance, wit, and knowledge give her a place at the head of her classes, while in her capacity of a jolly good pal, or a honest-to-goodness friend she cannot be surpassed.

C. EUGENE ANDERSON, Φ K Ψ

"Andy" "Gene"

Reynoldsville, Pa.

Reynoldsville High School

*Phi Kappa Psi; A. B. Course; Class Football (1, 2).*

One of the most fortunate things that happened to the class of '25 was "Andy's" return to Bucknell from the ranks of the Pennsy engineers. In the short time that "Andy" has been with us he has become one of the most popular men of the class.

FRANK ELDON BAKER, K Δ R

"Bake"

Wellsboro, Pa.

Wellsboro High School

*Electrical Engineering Course; American Institute of Electrical Engineers; First Assistant Football Manager.*

If you've never met him you've missed a circus; if you have met him you know care-free, friendly, sincere Bake. Whether chasing troublesome electrons, gathering Pete's pigskins, or pursuing feminine diversions, his optimism is unfailing. Here's to you Frank. May you ever be the gloom-chaser you were to your college pals.

LESLIE EARL BAKER, A X M

"Bake"

Espy High School

Espy, Pa.

Bloomsburg High School

*L'Agenda Staff; Biological Course; PreMed Society.*

"How do you get that way?"

"Bake" is an admirable chap with an assiduous aspiration. Although human and likes to go home a little more often than would seem expedient, he does not yield to that immense inclination, except when duty sanctions it. He knows his books academically, we know; and rumor says, socially also. He takes the cake and all the bottles in the Chem Lab when it comes to talking about any premedical work which comes up. We wish him the best of luck in his professional adventures, also his social ones.

LOUISE ESTHER BARNES, A X Ω

"Louie"

Ashland

Shamokin High School

*Home Economics Course; Class Hockey Team (2).*

Louie and hockey rhyme. That's because Louie likes hockey and hockey likes Louie. In fact she's a sports woman in everything she does whether she's engineering a hike with that infectious college girl giggle, or serving hot rolls in the Domestic Science dining-room.

CATHARINE SIMPSON BAXTER

"Katie"

Lower Chanceford High School

Allenwood, Pa.

A. B. Course.

Here is one of the quietest little commuters that graces Bucknell's campus. Though "Katie" talks but little her sparkling eyes proclaim that she thinks a great deal. Her cheery smile penetrates every corner of the campus and we find that it is dangerously contagious. Wherever loyal support is needed "Katie" is there. Bucknell simply couldn't do without her.

HULDA JEANETTE BAXTER

"Huldie"

Downsville, N. Y.

Downsville High School

Math. Club (2, 3) A. B. Course.

Always ready to lend the helping hand—Hulda has won the esteem of all her associates. She is a good student, a happy little cheer dispenser and a real friend.

MARY LOUISE BAXTER

"Louise"

Downsville, N. Y.

Downsville High School

Spanish Club (2); A. B. Course.

"A friend in need is a friend indeed."

and that gives us the key to Louise's popularity. She is the counter part of Hulda with the addition of her own cheerful personality.

GEORGE H. BEALE, Σ X

Oakmont High School

A. B. Course; Θ Δ T; Class Basket-ball (1, 2); Class Football (2); Sporting editor Commencement News; Assistant in basket-ball (3); L'Agenda Staff; Frosh basket-ball manager (3); Class Historian.

Without a doubt "Shad" is probably one of the most versatile men in school. He is a student, an athlete, a favorite with the opposite sex, and above all a great detective, having solved many mysteries within the walls of the Sem.

A. ADDISON BEHLING, Φ K Ψ  
 "Bay-Hay" "Ad"

Glassboro High School  
*Phi Kappa Psi; Pre-Med Course; Pre-Med Society.*

"Ad" came to Bucknell determined to be an M. D., but since has changed his mind and believes that he will become interested in "research" work. "Ad" never allows his college education to interfere with social activities and is always ready to make a grade. As a grade maker "Ad" is an A-1 and is an all-round good fellow.

MILDRED PEARL BIDDISON, A X Ω  
 "Bid"

West Chester High School  
*A. B. Course; Hockey Team (2); Main Line Bucknell Club; Class Numerals.*

Every inch of Bid is jolly or happy all the while,  
 Whether tackling French or making fudge she has that  
 ready smile,  
 If a fellow's tired of study and a wee bit blue besides  
 Just call on Bid (she's a fine old kid) and you'll almost

ROBERT CHARLES BIXLER  
 "Bix"

Hanover High School  
*Electrical Engineering Course; American Institute of Electrical Engineers; Class Football; Class President (3); L'Agenda Staff; Y. Cabinet; Junior Prom. Com. Junior Smoker Com.*

This year "Bix" has discovered that the class presidency and an engineering course do not mix well and that it requires some stirring around to keep them both together. However, by dint of hard work and with the aid of the Triangle he is managing to make the grade.

DOROTHY NAOMI BERKHEIMER, Φ M

Danny inherited many of the sterling qualities of his frontier ancestor. His philosophy of life is of the highest calibre, as shown by his choice of a profession. As a student and a leader he heads the list. Success to you Danny and may your successes equal your merits!

CHARLOTTE EVEN BOSLER, Δ Δ Δ, M Φ E

"Char"

Johnstown, Pa.

Johnstown High School

*A. B. Course; Frill and Frown; Girls' Glee Club (2).*

This charming, energetic "Char" is by far the "Dan" dyest girl that B. U. has ever seen. Every one loves her. Why? Just because they can't help it. Her friendly manners, winsome smiles, and great versatility always promises for her a bright and happy future with success rolling in at every hand.

ROBERT GREENLEAF BRANDT, Φ Γ Δ

"Rube" "Bob"

Pittsburgh, Pa.

Shady Side Academy

*Phi Gamma Delta; A. B. Course; Sophomore Banquet Committee; Manager Class Football (1).*

One could never imagine when gazing upon this stature of youthful manhood that he was a real heart smasher of no mean ability. He gives you the impression that he is of quiet temperament, but were you to answer his phone calls, carry his mail, and make appointments for him you would soon change your mind.

MARY PHOEBE BRAY, A X Ω

"Jimmy"

Freeland, Pa.

Foster Township High School

*Girls' Glee Club (2, 3); Sophomore Oratorical Contest, Sec'y Girls Class (1); Y. W. C. A. Cabinet (3); Assistant English Department (3); Class Numerals.*

A rare combination of energy, studiousness and fun is "Jimmy", who has endeared herself to her chums by her ever-ready desire to help. She appears to be quite shy but truly a demon twinkles in her eye. Haven't you all heard the saying that "Still waters run deep"? If you don't believe it—get acquainted with Mary.

*A. B. Course; Frill and Frown; College Orchestra (3).*

"Is there a heart that music cannot melt?" This maiden, as we know, now holds such power in her hand to melt our hearts by "entrancing our senses with charmed melody". Wherever she goes, whatever she does we feel assured that all power and influence will be hers.

WARREN FRANKLIN BREISCH

"Farmer"

Catawissa, Pa.

Catawissa High School

*Pre-Medical Course; Pre-Med Society.*

Breisch, one of Catawissa's robust sons, made his debut when he entered old B. U's Portals. From the first, he was an ardent student. His ability as a chemist won him coveted laurels—a high "B" in Organic Chemistry. Warren found time for amusements and athletics, early in his freshman year he was crowned champion heavyweight boxer of East College.

JOHN PAUL BRESSLER, Φ Θ Σ

"Dutch"

Donaldson, Pa.

Donaldson High School

*A. B. Course; Spanish Club; Band.*

This light-haired chap hails from Donaldson. He is sport loving, studious and is always ready to help you when needed. His favorite expression is "Got a cigarette". Still we can't forget that broad smile which brightens his face and gives him his jolly appearance.

DORRIS MERLE BRININSTOOL

"Dorrie"

Clarksburg, W. Va.

Washington Irving High School

Broaddus College

"Dorrie" hails to us from the "way down South", and those of us who have been fortunate enough to get acquainted with this quiet little lassie are firmly convinced of the fact that Broaddus is missing a great deal this year. The class of '25 is proud to add her to her membership for she is one of our most promising Bucknellians.

*A. B. Course; Theta Delta Tau; Sophomore Cotillion Committee; Vice-President Class (2); Class Foot-ball (2).*

Behold another Leiderman!! Perfect in physique, he is a veritable tower of strength. His heart is in Los Angeles and the daily mail brings him a short episode from his sun-kissed maiden. "Brogry" enjoys donning the "specs" and concentrating upon Prof. Heim's most strenuous courses until as late as 9 o'clock, when he trips gently off to bed in order to get the required amount of sleep.

LEON CLAYTON BUBECK

"Lee"

Schuylkill Haven, Pa.

Schuylkill Haven High School

*A. B. Course; Manager Class Baseball (2).*

"Lee" comes to us from a little town among the Pennsylvania Dutch. His favorite recreation is telling hunting and fishing stories. He is a conscientious student and a genuine friend and has a host of well-wishers for his future success.

JOHN BUCKOVECKY, Σ A E

"Buck"

Johnstown High School

Johnstown, Penna.

Indiana Normal

New York Military Academy

*Electrical Engineering Course; Varsity Football (2, 3); 'B' Club; Inter-class track (2); Electrical Engineering Society.*

The University of West Virginia lost a good man when "Buck" entered Bucknell. This big boy tackles everything that confronts him not only on the football field but in all college tasks. His campus life keeps "Buck" busy but he always finds time to devote to the delightful reading of his Winber "Daily Letter".

CLIFTON LEON BUCKLEY, Θ Y O

West Chester, Pa.

West Chester High School

*Electrical Engineering Course; Electrical Engineering Society; Sophomore Cotillion; Class Baseball (1, 2); Varsity Baseball Squad (1, 2); Class Treasurer (3); Math Club (1); Main Line Club (2).*

In our inter-class baseball games, Buck demonstrated some real ability on the diamond. He has become familiar to all of us with his spirit of friendliness and an "unusual voice". We have observed that he seems somewhat disappointed whenever the postman fails to bring a letter from one whom Buck calls "The Child".

MAX WILLIAM BUSSOM

"Max"

Williamsport High School

Williamsport, Penna.

*Electrical Engineering Course; Electrical Engineering Society.*

Max is quiet. That is—at times. He deserves an audience and is not often disappointed when he speaks. Although somewhat different in nature from the rulers "of Old" whose word, it is said, was law, Max is reputed to be an authority on engineering subjects. Sometimes you are able to detect in his splendid character a touch of that sympathetic nature for the feminine sex.

EDGAR HOUSEMAN BUTLER, K Δ R

"Eddie"

Clearfield, Pa.

Clearfield High School

*A. B. Course; "B" Club; Varsity Football (1, 2, 3); Varsity Basketball (2, 3); Track (2).*

"Eddie's" fame began with his spectacular run against Lafayette in 1921. This good natured "Hercules" is still upholding the prestige of his Alma Mater on the "grid" and in the "cage" "Eddie" hopes to develop future Bucknell athletes in one of our State High Schools.

MARK SELDEN BUTLER, A X M  
"Butler"

Thompson, Pa.

Thompson High School

*A. B. Course; Bucknell Band (1, 2, 3); Class Football (2).*

Butler a sturdy lad with brown eyes hails from Susquehanna County, where railroads don't run. But for all that he is a good chap to all who know him. When Butler is not studying or over at the Inn, he can be found some where in the "Dorm" talking about the girls.

JOSEPH HOWARD CARSON, Φ Θ Σ

"Flick"

Parkesburg, Pa.

Parkesburg High School

*Chemical Engineering Course; Chemical Engineering Society; Main Line-Bucknell Club.*

Behold the successor of Paul Whiteman, the boy musical wonder from the Windy City. Although his moaning saxophone has run many a "Sem" dance overtime his accomplishments are not limited by sharps or flats but are diverse and varied. We wish "Callous" success in his life's work.

LAWRENCE RENDELL CHERRINGTON, Α Χ Α

Bloomsburg, Pa.

"Cherry" "Larry"

Roaringcreek Township High School '17

Bloomsburg State Normal School '21

*A. B. Course; Glee Club (1, 2, 3).*

"Cherry" takes life more seriously than perhaps any other member of the class, yet in spite of his quiet and reserved manner he is always on the job when needed. The earnestness with which "Cherry" undertakes "Ephies" work is conclusive proof that he will forge ahead in the teaching profession.

ROBERT JOHN CLINGERMAN

"Bob"

Pittsburgh, Pa.

Peabody High School

*Electrical Engineering; Electrical Engineering Society; Math Club (1); L'Agenda Board.*

Bob's congeniality and good fellowship have won for him wide circle of friends everywhere. Whether it's in Math, Spanish or D. C. he surely gets his "A". Some day he is going to be a leading figure in the engineering profession.

WILLIAM HENRY COLESTOCK, Α Χ Α

"Bill" "Coley"

A. B. Course; Soph Cotillion Committee; Stadium Worker (2); Assistant Mgr. Baseball; (3); Y. M. C. A. (3).

Cozy's chief claim to fame, lies in the fact that he is married. Otherwise, he is somewhat above the average, in that, he attends school and manages a business at the same time, and does both successfully.

ROLAND CLARK CUNNINGHAM

"Torrence"

Ocean City, N. J.

Ocean City High School

Civil Engineering Course; Civil Engineering Society.

This cheerful, jolly lad from the place where the wild waves roar greets everything with a smile. He takes the hills on high with his bike and fills the night with weird sounds from his banjo. He is a student when he gets on his books, but strange to say he seems to prefer other things such as—well, that would be telling.

Car-r-ramba! "Ed" hails from Nanticoke and still has nerve enough to claim that he is not a foreigner. "Eddie" is not only a student but also a "man of affairs"—business and "otherwise". It is largely due to "Ed's" social ability that the business department of the L'Agenda progresses so well.

*S. A. T. C. at Penn State (1, 2); Penn State A. S. M E (1, 2); Mechanical Engineering Course; American Society of Mechanical Engineers (3).*

Roy's period of submission in his college life came at Penn State but at the end of his freshman year he heard and answered the call of Bucknell, so here he came in his second year. Quite content to stick close to the school working diligently with his compass and pen he very soon became marked as a real student. But, all of his time was not devoted to such work because he enters into his social functions with the same pep that put him ahead in his studies, yet don't misunderstand him and think he's one of those finale hopping cake eaters. And talking of friends, Roy has 'em.

*Phi Gamma Delta; A. B. Course; Varsity Football (1, 2, 3); Varsity Baseball (1, 2, 3).*

Versatility! Football and baseball star, politician and Beau Brummel. "Jabes" came here from Geneva College and immediately demonstrated his skill as an athlete, finsser, and wise cracker extraordinary. He has been a human battering ram in the backfield and an immovable tower of strength on the line. However his own line has many weaknesses for he was unable to hold his own in the "Sem" parlors.

Packerton High School

Pre-Medical Course; Freshman Hop Committee; Pre-Medical Society; Cross County Squad (1); Track Squad; Sigma Delta Rho.

Behold the mechanic, chauffeur, and proprietor of "Dynamite"! But "Dynamite" is only one of Warren's worries, for he is a hard-working Pre-Med. and someone tells us he is taking a correspondence course from a cute little thing down in Lehighton.

CHARLES BA THEIN, A X M

Rangoon, Burma.

Baptist High School, Rangoon, Burma.

Judson College, Rangoon, Burma.

Royal Military College, Sandhurst, England.

Downing College, Cambridge University, Cambridge, England.

Suffield Preparatory School, Suffield, Conn.

A. B. Course; Kent Legal Club; Students' Volunteer Association.

Lord Chemsford, the Viceroy and Governor-General of India, nominated Charles Ba Thein for admission to Royal Military College. This is the highest honor awarded by the Imperial British Government to a native Burman Christian, given for previous military service rendered during the Great War.

Someday he is going to carry our ideas back to the Old World and by so doing render a great service to his people.

ALBERT L. THOMAS, Φ K Ψ

"Al" "Tommie"

Blakely, Penna.

Blakely High School  
Dunmore High School

*Phi Kappa Psi; A. B. Course; Asst. Editor L'Agenda; Press Club; Freshman Reception Com.*

Enterprising and ambitious, this young harbinger of men's styles traverses the campus and "Hill" with a self confident air. Scholastic work never depresses him—he rises above the paltry oppression of study, into the higher realms of achievement.

"To him who has  
Shall be given."

HOWARD FAYETTE CLARK THOMAS, Θ Y O

"Howard"

Lewisburg, Pa.

Keystone Academy  
Lewisburg High School

*A. B. Course; Pre-Medical Society (1).*

About the only time Howard isn't with "her" is when he's in the class-room, and even then she can often be found waiting patiently for him just outside of West Wing. Yep, you've guessed it,—for Howard and his Ford are inseparable pals.

WILLIAM GEORGE THOMAS, Θ Y O

"Bill"

Nanticoke, Pa.

Nanticoke High School

*A. B. Course; Nanticoke Bucknell Club Treas. (3); L'Agenda Board.*

"Bill" and his books seem inseparable yet when he is with the crowd he has that happy, social spirit which keeps the wheel of pleasure revolving. We suspect that his dark brown eyes and attractive dimples have much to do with his popularity among the fair sex.

FRANK SANKEY TURNER, K Δ R

"Frank"

Munhall, Pa.

Munhall High School

*A. B. Course; Class Football (1).*

He is small—but so are "life savers". Frank got his signals mixed at the beginning of his sophomore year and thought he would prefer Carnegie Tech. But he soon changed his mind, and to our joy returned to us again. He is a student from the ground up and a true friend.

ANGELA UNVERZAGT

"Angel"

Harrisburg, Pa.

Shippensburg High School

Cumherland Valley State Normal School

*V. W. C. A. (3, 4); Math. Club (3, 4); Spanish Club (3, 4).*

Angel's cheery smile and unfailing readiness to help anyone in trouble has endeared her to all of us. She has proved herself a wonder at everything from altering dresses for the faculty and explaining assignments to inattentive upperclassmen to helping freshmen with math.

ESTHER ELIZABETH VONADA

"Easter", "Betty" "The Imp"

Lewisburg, Penna.

Lewisburg High School

*A. B. Course.*

Easter solemnly believes that "good goods come in small packages" but we sometimes doubt this traditional proverb, because of the "Big company" she keeps. Nevertheless we are proud to say that our little imp is a remarkable student, and an adorable little friend.

HOWARD W. WAGNER, K Σ

"Pete"

Waymart, Pa.

Waymart High School

*Kappa Sigma; American Society of Civil Engineers; Treasurer (3); Cross County Squad (2); Civil Engineering Course.*

Waymart must have sorely missed "Pete" for surely it doesn't furnish many such all-round good fellows. Rumor has it that "Pete" is supporting local legislation for better pavements in Linntown. He refuses to tell us anything, but --"There's a reason."

FRANK E. WALDNER, Σ X

"Frankie"

Ashland, Pa.

Ashland High School

*A. B. Course; Θ Δ T; Varsity Football Squad (1); Class Football (2); Class Baseball (1, 2); Electrical Engineering Society (1, 2),*

"Adam" is the type of chap who never has much to say—he prefers to listen to the opinion of others. His keen wit and clever humor have earned him a welcome to any group. "Frankie" has one advantage on the other boys—when he is a little vexed at one of us he can express his complimentary thoughts in a few select words of Dutch which cannot be interpreted by anyone.

MILDRED FRANCES WALKER

"Mid"

Farmingdale, N. J.

*Assistant in Deans Office (3); Assistant in Rhetoric Dep't. Cabinet (3); Bucknell Staff (3); Class Hockey Team (2, 3); Class Hiking Numerals (2, 3); Girls' Glee Club (2, 3); Bucknell Press Club (3); Bucknell Spanish Club (2, 3); North Jersey Bucknell Club; The Amaranthian Society; Assoc. Editor of L'Agenda 1925.*

Judging from the variety of activities in which Mid. has participated--she is a girl of diversified talents. Suffice to say that she is a royal good scout in every sense of the word and that is recommendation enough.

JOHN ARTHUR WALTER, Φ K Ψ

"Major" "Pierpont"

Claysburg, Penna.

Altoona High School

*Phi Kappa Psi; A. B. Course.*

"Major" came to Bucknell with the idea of securing a business education and to secure ideas from some of B. U.'s Beau Brummels, so that he will be well equipped to compete with Hart, Schaffner, and Marx. Along with his splendid appearance, "Major" is an A student and will undoubtedly be a success in any line.

SARA DUDLEY WALTON, A X Ω

"Sallie"

Moorestown, N. J.

JOSEPH THOMAS WASHLESKI

"Wash"

Shamokin, Pa.

Shamokin High School

*Pre-Med. Course; Pre-Med. Society.*

This cheerful and agreeable lad hails from Shamokin. Full of life and fun, he counts his friends by the score, and has proved himself to be a loyal classmate and a good pal. Wash, although very much interested in medical work, finds plenty of time to display his interest in other things also.

MELROSE EDMUND WEED,  $\Sigma\ \chi$   
"Mel" "Manly"

Reynoldsville High School  
Culver Military Academy

A. B. Course; Varsity Track Squad (2); Class Track (2).

We really believe the "Semites" should write about "Mel's" qualities—they know more about him than do the boys. We do know however, that his hobbies are sleep and dogs, with sleep having the advantage. This probably accounts for the over-supply of good looks that have been invested in our "Manly".

## HELEN WEIDENHAMER, II B $\Phi$

"Peg"

Milton, Pa.

Milton High School  
Randolph-Macon Institute  
Randolph-Macon College

Girls' Glee Club; L'Agenda Board; A. B. Course.

Peg hails from Milton, Pa. Now that's a time-worn expression but "Hail" is the word here, for she always takes people by storm. That is to say wherever she goes, she provokes gales of laughter, storms of applause and in the heart of a certain Mt. Carmel boy, she reigns supreme.

## ROBERT ALLEN WEST, K $\Sigma$

"Bob"

Ashley, Pa.

Ashley High School

A. B. Course; Sophomore Football Team; Sophomore Track;  
Mechanical Engineering Society.

"Bob" first proved his intelligence to us when he left U. of P. for Bucknell at the beginning of his Sophomore year. As a Junior he left the engineers and became an A. B. Why? "A. B.'s" have a better vocabulary for correspondence with school teachers. "Bob" is a true and loyal friend.

## CHARLES FREDERICK WHITE, $\Delta\ \Sigma$

"White Hope", "Doctor", "Ketone"

Dunmore High School Olyphant, Pa.

*Delta Sigma; Cap and Dagger (3); Junior Smoker Committee (3); Sigma Delta Rho; Pre-Medical Society; Biological Course.*

"After all, a woman is only a woman, but a cigarette is a smoke."

Out of the cave-ins around Scranton came this condensed specimen of concentrated activity. Charlie will argue with anyone, upon anything, anytime, anywhere, but his favorite subject for debate is, "Resolved, that I can quit smoking, if I want to."

# L'Agenda

THEODORE ADDISON WHITE, Σ A E

"Ted"

Warren High School

Warren, Penna.

*A. B. Course; Phi Delta Sigma; Class Baseball Manager (1); Alpha Kappa Chi Club (1); Student Stadium Committee; President (3); Spanish Club (2, 3); Assistant Manager of L'Agenda; Kent Law Society.*

"Ted" registered in the A. B. course but thus far he has devoted five fourths of his time to "fussing". Had "Ted" entered the movies, Rudolph Valentino wouldn't have had a chance. "Ted's" activeness together with his winning personality gains for him the friendship of all whom he meets.

WILFRED WHITMAN WILCOX, K Δ R

"Willie"

Knoxville, Pa.

Knoxville High School

*Biological Course; Pre-Med. Society.*

A big boy from a small town! When not in a laboratory or in his shop you will find him on his books. He is a very congenial companion, a good talker—as all barbers are—and as a student sets a fine example for his fellow Pre-Meds.

EDWARD GILBERT WILLIAMS

"Ed"

Milton, Pa.

Milton High School

*A. B. Course; Track; Class Track (2); Glee Club (2, 3); V. M. C. A. Cabinet (3); Assistant Business Manager L'Agenda.*

"Ed" returned to Bucknell after a year's absence and proved a welcome addition to the class of 1925. Although his home is in Milton, summer always finds "Ed" headed toward Pittsburgh near which we strongly suspect a certain good reason lives. "Ed" is a good student and a real friend.

HARRY WILLIAMS, K Δ R

"Sy"

Nanticoke Pa.

Nanticoke High School

*Biological Course; Nanticoke Bucknell Club; Pre-Medical Society.*

Sy is sure to be a fine surgeon but when one hears him in defense of the Coalerackers we wonder whether he should not have been a lawyer. Nanticoke's only rival is Bristol and Sy hates to go back on the home town but he's falling fast. This boy believes in "Gettin the Stuff" and is usually on his books.

*Phi Kappa Psi; A. B. Course; Varsity Football (1, 2, 3); Varsity Basketball (1, 2); Varsity Track (1, 2); Varsity Baseball (1); Class Basketball (2); Class Baseball (1); "B" Club; Minstrel Show.*

Gaze upon him all ye proletariet—erstwhile athlete and demon fuzzer. "Wilsey" holds many records, unique and otherwise! Strong, stalwart, that he is, he will long be remembered for dispersing the rampart Frosh at the Old Garage.

"All the world's a stage—  
Whereon we are all players."

CARL KLINE WOLFE,  $\Delta\ \Sigma$

"Dutch"

Allentown High School

Allentown, Pa.

*Delta Sigma; Varsity Football Squad (1, 2, 3); Kent Legal Society; Varsity Debating Squad (2); Sophomore Cotillion Committee (2); Bucknellian Staff (3); A. B. Course.*

"And when a lady's in the case,  
You know all other things give place."

During three years only a bad knee has kept "Dutch" from making a position on the team as a regular tackle. Ability and consistent effort have made him a good student, and his pen gained him a place on the "Bucknellian" staff. He bids fair to rank among the foremost of Bucknell's intercollegiate debaters. On a foundation of personality and ability we look for him to build a strong and useful career.

ROBERT THOMAS WOODINGS,  $\Phi\ \Gamma\ \Delta$

"Bob" "Chippings"

Oakmont High School

Oakmont, Pa.

*Phi Gamma Delta; A. B. Course; Assistant Football Manager (2, 3); Class Baseball (1).*

A youth of dormant ability bent on golf balls and broken in on puffed rice. He comes from Oakmont, a good place to come from. "Chippings" thinks best while sleeping so we attribute his deep thoughts to this fact. If "Bob" can resist the temptations of jewelry and the purring of a Packard we feel sure his success is assured.

PAUL J. WOODRING,  $\Sigma\ X$

"Hick" "Woody"

Reynoldsville High School

Reynoldsville, Pa.

*A. B. Course;  $\Phi\ \Delta\ \Sigma$ ; Class Basketball (1, 2); Class Football (1); Varsity Basketball Squad (1, 2); Freshman Football Coach (3); Freshman Hop.*

It was not long before "Hick's" abilities brought him into the limelight and he has held the "spot" ever since. Starting as an engineer, "Woodie" is now one of the greatest exponents of the A. B. course. His pleasing smile has won a place in the hearts of all the girls within Hopp-ing distance of Lewisburg.

KENBI YAMAMOTO

It was indeed a pleasure to welcome as a member of the class of '25 one of the real men from Japan. Previous to his entrance at Bucknell, Yamamoto was a teacher at the Baptist Girls' School in Yokohama, Japan. We look for big things from this member of our class.

*Phi Gamma Delta; A. B. Course; Vice President of Class (1); Freshman Hop Committee; Class Football (2); Bucknellian Staff (2, 3); Commencement News Staff (2); Assistant Baseball Manager (2, 3); 1925 L'Agenda Board.*

Beyond a doubt Ron is one of the most versatile youths that Bucknell has ever enrolled. His accomplishments are many and varied. "Ron" has many responsibilities resting upon him, but with them all, he can always find time to laugh and make others laugh.

## Sophomore Class History

1926

PACE permits of nothing more than a brief review of the many and varied conquests and experiences of the Class of '25. The class "scrap" came as the first victory over '25. Then, under the leadership of "Peg" Kock, the foot-ball team fought their way to a 7-6 victory. As a wind-up to the basket-ball season, the Sophs. bowed to an overwhelming victory. The pajama parade and "Senior Night" will never be blotted entirely from the memory of any of the class.

We look back with extreme satisfaction, we look ahead with speculation. Realizing however that the future is built on the foundation of the past we can only look brightly toward an even more prosperous future.

## Freshman Class History

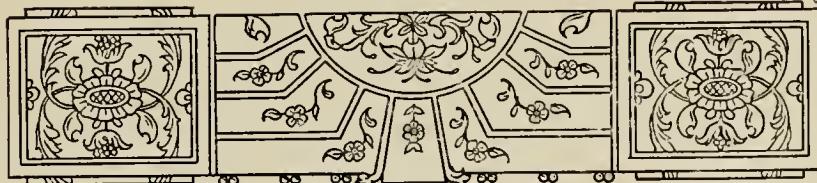

T is with a certain amount of pride and an equal amount of humility that the Class of '27 offers her meager contributions to the life of her Alma Mater. With deep sincerity she extends to the Class of '25 her best wishes for success in its many endeavors.

We have spent but a few short months in the shadow of Bucknell's friendly oaks, yet we have sensed already the "difference in the air"—the friendliness that makes Bucknell different. It took but a short time for us to realize that Bucknell deserved our best in work and play.

In order to accomplish our end we set about to organize ourselves choosing as our leader, R. E. Dilworth, and as his assistants, E. W. Dietz and Stella Keebler. We then became an active unit of Bucknell. After "Bibles", "Dinks", and black ties followed each other in rapid succession, our "fighting" spirit found vent in the two most important events of early Freshman life, known to students everywhere as the Class Scrap and the Soph-Frosh football game. Permit us to say that in both the Frosh came out the victors.

We have enjoyed these months together and hope that in the future we shall prove ourselves worthy to be called "Bucknellians".

"The year's at the spring!"

## Senior Music Students

GWENDOLYN FLORENCE WENSEL

"Gwen"

Lewisburgh High School

Lewisburg, Pa.

*Supervisor, Voice, Theory.*

Gwen is another product of the home town. Being fed on the beauties of Montour and the Susquehanna from early childhood, we do not wonder that her artistic powers were awakened early. Gwen is undecided as to the future. A Career or a Man?

HELEN WITHERSPOON HAMOR

"Helen"

Milton, Pa.

*Piano, Theory.*

We don't see Helen down at school very much but she is kept so busy with her work in Milton that it does not leave her much time to visit with us. Besides teaching the little kiddies to play their scales she is kept very busy with the orchestra and church work.

ELEANOR GRANT KINSBURY, Φ M

Holyoke, Mass.

Holyoke High School  
Northfield Seminary

*Voice.*

Eleanor possesses a big heart and a smile for everyone. She is a "Busy Bee" in every sense of the word. It is evident that she is interested in the study of music as her rich soprano voice rings so often through the seminary halls. Her intimate friends think of her as a good sport and pal.

GERALDINE GRACE LAGERMAN, M Φ E

"Jean"

New Columbia, Pa.

Milton High School

*Piano, Organ, Theory.*

Jean is one of our commuters but we have all come to know her very well during the time she has been with us. When it comes to real practice and earnest study she gets the medal. New Columbia will have a great musical asset in Jean.

# L'Agenda

GRACE ELIZABETH LAVO

"Grace"

S. Williamsport, Pa.

*Supervisor, Voice, Theory.*

We hardly ever see Grace except at class time for she commutes all the way from S. Williamsport. Grace is reserved but she is also quite inquisitive which is surely a very queer but good combination.

RUTH LOGAN MILLER, ΔΔΔ, C. E. A.

"Shorty"

Bradford, Pa.

Bradford High School

*A. B. Course; Frill and Frown; Sophomore Cotillion Committee; Girls' Glee Club '23.*

Another excellent voice, light hair the old saying about the best things appearing in the small packages. "Shorty" is light as to hair and also with regard to spirit, this has won the affections of a host of friends about the school. Her chief charm must be heard to be appreciated, to say that she has an excellent voice would not be telling the half.

ELMA ELNORA REITZ, MΦE

"Shorty"

Shamokin, Pa.

Shamokin High School

*Piano, Organ, Theory.*

The adage that says "Good goods come in small packages" surely applies to Shorty. There is not a more conscientious worker in the school. She can make a piano talk right out and even the organ holds no fears for Shorty. We wish her success in training the musical prodigies of Shamokin.

CAMILLA THOMPSON

"Camille"

Lewisburg, Pa.

Linden Hall Seminary

*Supervisor, Piano, Voice, Theory.*

Camille has an inherent love of French. She may be heard parley-vous-ing around the school at almost any time. Camille expects to run Galla Curci out of business. She is a jolly, good sport and we all wish her well.

Nineteen Hundred  
and Twenty - Five

# L'Agenda

MIRIAM TILGE VAN VALZAH

"Mim"

Lewisburg, Pa.

Lewisburg High School

*Supervisor, Piano, Organ, Theory.*

Mim is ambition personified. Besides various odd jobs she is organist at one of the local churches. Her supervision work has made her famous in Mifflinburg. We hope she won't forget her old friends when she is conducting choral concerts in the great cities.

ELIZABETH MONTGOMERY VINCENT

"Lib"

Northumberland, Pa.

Northumberland High School

*Supervisor, Voice, Theory; Girls' Glee Club.*

Elizabeth says that her nickname is "Lib" but no one ever calls her that around the Sem. I imagine though it suits her quite well for she is just the kind of girl that needs one. Music has its charms for "Lib's" soul for no distance is too great for her to go and hear some good artist.

HELEN EVA WALDNER, M. Φ. E

"Helen"

Ashland, Pa.

Ashland High School

*Supervisor, Violin, Organ, Theory, Piano; String Orchestra.*

Helen is one of those girls who never says a great deal but there is a twinkle in her eyes which might escape you if you don't look closely. She is very studious but she is always ready for a good time when the opportunity offers itself.

MARY ELIZABETH WEETER, ΔΔΔ, M. Φ. E

"Mary"

Sunbury, Pa.

New Bloomfield High School

Carson Long Institute

*Glee Club (1, 2, 3, 4); Voice.*

Mary has proved to be a song-bird in our midst—a real Alma Gluck as the Bradyites will testify. We wonder if this accomplishment along with her winning personality and general ability has caused "someone" to fall victim to her wiles.

## Bucknell University Symphony Orchestra

**H**E orchestra of the Bucknell University School of Music was organized in 1912 by Miss Charlotte G. Armstrong, Director of the Violin Department. The students of string as well as of wood, wind, and brass instruments are afforded the opportunity to study the compositions of the great masters of music along with the different types of orchestration, including the symphony in its highest form.

The members of the orchestra appear at various recitals throughout the year and give an evening concert under the leadership of Miss Armstrong.

The Bucknell men's teams have completed this year the most extensive schedule of the institution's history. Approximately fifteen debates were held among which were those with Penn State, Franklin and Marshall, Lafayette, Dickinson, Albright, Juniata, Swarthmore, Gettysburg, Westminster, Geneva, and Denison. The feature of the year was a trip through Pennsylvania, Ohio and Indiana taken by the affirmative team.

# "THE BELLE HOP"

BUCKNELL UNIVERSITY

LEWISBURG, PENNA.

Permit us to introduce

**"The Belle Hop,"**

Bucknell's Humorous Magazine

THE BELLE HOP first appeared on the campus in its initial issue, "Belle's First Hop" on December 10, 1923. The "Galosh" number followed in February, 1924. The Seminole number and Commencement issue are scheduled to complete this year's file. The staff responsible for this new publication began with A. G. Stoughton, '24 as Editor and Chas. P. Williamson, '26, as Business Manager. A change was made and the first issue appeared under the auspices of The Bucknellian. The second issue came forth in all its glory with a brand new staff all its own. The present staff is composed of the following "Hoppers":

Editor in Chief .....	A. G. STOUGHTON, '24
Art Editors .....	{ WILLIAM HAMILTON RODGERG, JR., '26 KENNETH W. SLIFER, '26
Business Manager .....	MALCOLM G. JONES, '25

## The Alumni Monthly

The Alumni Monthly is Bucknell's most efficiently manipulated organ of correspondence with those who have ventured forth from her portals. This concisely compiled pamphlet is published throughout the University School Year from the month of September until the month of June.

It is through the medium of the Alumni Monthly that all timely, important news is broadcasted to those who are interested in our University.

## The Mirror

The old gives place to the new. The same year, which marks the appearance of "The Belle Hop", witnesses the discontinuation of "The Mirror".

The Student Budget Committee, guided by the student sentiment of last year, felt that there was a lack of student support for our literary magazine. Consequently, as a separate publication, the Bucknell "Mirror" is no more.

To provide, however, for the publishing of verse, short stories, essays, and other literary material, the Committee, by appropriation, arranged to have a literary department created in the augmented "Bucknellian." From time to time, therefore, a column or two in the College paper is devoted to articles of literary nature.

## Football, 1923

INETEEN hundred twenty-three will go down in football history of the entire country as a freak year. Each week the American gridiron tallied its sweeping surprises for the entire collegiate world. Time after time the advanced "dope" of prominent followers of the great college sport was completely reversed. By the end of the season comparative results were so complicated that the task of picking the best team was rendered next to impossible. "Pete" Reynolds rounded his Bison into a wonderful machine. Great honors fall to his warriors who in the face of the most startling surprises and upsets exhibited an unexcelled brand of football.

### BUCKNELL 0—PITT 21

Several thousand sport enthusiasts crowded the Tustin Field bleachers to see the mighty Bison clash with the fighting Panther in the first "Grid" battle of the East. The keynote of the game from the first to the last blast of the whistle was one of uncertainty. Both elevens were new, untested machines, ready to tackle any task.

Bucknell opened with a line smashing offensive which swept Pitt completely off its feet. The first half clearly belonged to the Orange and Blue. More than once the rushing Bison swept the struggling Panther to the shadows of his own goal posts, but each time the enraged Panther with his back to the wall buried his sharp claws into the Bison's flesh and held him firm. In desperation the Panther cut loose with a remarkable aerial attack. Yard after yard were claimed by the soaring, well-aimed ball, which thrice crossed the final white line, rolling up a total of 21 points.

### BUCKNELL 47—ALFRED 0

Undaunted by the defeat of the previous week, the sturdy Bison hurled himself at the Alfred warriors, whom advanced dope pictured as a formidable enemy. Formidable or not, nothing could stand before the onslaughts of the Bison, whose spirit was raised to a fighting pitch. The Bucknell gridmen raced the length of the field almost at will, accounting in all for 47 points, at the same time holding Alfred scoreless.

### BUCKNELL 47—SUSQUEHANNA 0

The following week Susquehanna invaded Tustin Field, entertaining high hopes of registering at least their traditional touchdown against the Bison. The "downriver" boys hurled against the now well-seasoned Bucknell machine every ounce of their strength, but the determined Bison would not budge. During most of the sluggish game, marred by numerous accidents, he kept the ball in his own possession and had little trouble tallying 47 points, while he handed Susquehanna a blank.

# L'Agenda

## BUCKNELL 14—YALE 29

Encouraged by two victories, the Orange and Blue warriors buckled down to a real test in the Yale Bowl, gaining honor and glory of which any mentor and his team might be proud. The husky Bison struggled with the snarling Bull Dog to a glorious finish.

The game started in a ragged manner, giving Yale the advantage of two touchdowns in the first few minutes of play. But the Bison regained his footing and held with super-Herculean strength. With the ball on Bucknell's one-yard line, the enraged Bull Dog, time after time battered his head vainly against the Bison's mountain of stone. Fumbles proved costly to the Orange and Blue, giving the Eli warriors an addition of sixteen points. But now came one of the greatest "come backs" in Bucknell's history. "Pete's" men cut loose with one of the most marvelous passing games exhibited on the American gridiron this year. Numerous times the pigskin soaring from thirty to fifty yards struck the target square. The great 1923 grid champions were powerless before such a dazzling attack. Twice the gritty Bison tore across the goal line, sweeping before it the exhausted Bull Dog, to whom the final whistle was never more welcome.

## BUCKNELL 14—MUHLENBERG 6

Muhlenberg had one of their best teams in recent years, but they were no match for the whirlwind Bison machine. Contrary to the indications of the score, the game was very much one-sided in Bucknell's favor. Owing to a couple of altercations it was impossible for the Bison to exhibit his usual accelerant form, resulting in a slow, raggedly played game. Muhlenberg's six points were the result of clever goal kicking, while our fourteen points were the product of the traditional Orange and Blue line bucking.

## BUCKNELL 7—LEHIGH 7

It was a record-breaking Homecoming crowd that witnessed the Bison warriors and the Lehigh machine battle to a 7-7 deadlock in one of the finest exhibitions of football ever played at Tustin Field. Both teams, backed by a wonderful record, were well primed and evenly matched for the fray.

The Orange and Blue received the kickoff and with five marvelously well-directed plays, crashed over for the first score. Lehigh then retaliated by bringing into play their best brand of football shown this season which netted them, in the first quarter, their lone touchdown. The rest of the game was a continuous thrill. Both teams cut loose with nearly every resource known to the gridiron. Twice the mighty Bison threatened his opponent's final chalk line and once the Bethlehem offense visited the door of the Bison's treasure house; but both struggled in vain to tally a winning score. The Orange and Blue warriors played a great game and Lehigh deserves credit for holding them to a tie.

## BUCKNELL 14—GEORGETOWN 7

Last year Georgetown upset the "dope" by handing Bucknell the short end of the count, but the irritated Bison was determined to avenge the deed.

Nineteen Hundred  
and Twenty - Five

## L'Agenda

The District boys fought hard to preclude the consummation of the elaborate Orange and Blue plans, but in no department of the game did they equal our warriors. The tireless Bison contesting against the breaks of the game showed his supremacy chiefly by the means of the aerial route. With the exception of one long run, which gave the Capitol City gridmen their single touchdown, the Bison had little trouble in stopping the holes which leaked Georgetown yardage, while he scored fourteen points.

### BUCKNELL 7—ALLEGHENY 10

The football world has many startling upsets to explain this year, but perhaps the most unexpected of all was the home-stretch collapse of the powerful Bucknell machine. The staunch Bison, having set a victorious pace through most of the season, was able to finish only in a staggering, weak manner. No individual can be blamed for such defeats, and above all, certainly not Coach Reynolds. "Pete" did his work well and deserves great praise and respect for it. Undoubtedly the greatest contribution toward the reverse was the loss to the team of Diehl, one of the country's best backs. The back-field machine had been built around him and was naturally wrecked by his loss. But Allegheny, with one of the best teams she has ever had, must not be stripped of her earned glory, even though the game was raggedly played. Any warriors who can lasso the great Bison by a tune of 10-7 on his own prairie deserves praise.

### BUCKNELL 10—DICKINSON 14

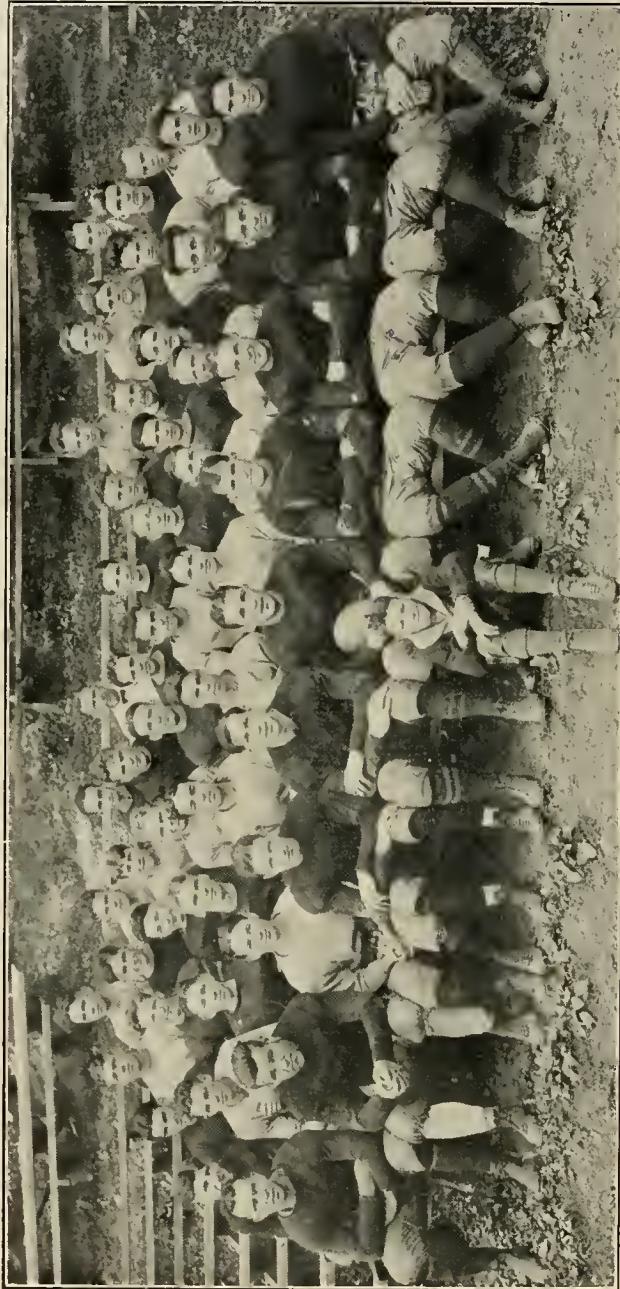

The Turkey Day contest ended in hilarious "Thanksgiving" for Dickinson. For the first time in many years the Bison allowed his ancient rival to take his measure. The Orange and Blue clearly showed a superior grid form but were unable to get under earnest motion until it was too late. The Bison had to contend not only with the well-trained Dickinson eleven, but with adverse breaks of the game as well. Bucknell scored first when a well-aimed boot sent the pigskin between the posts for three points. Dickinson accounted for fourteen points in the second quarter while the Bison's touchdown came in the final minutes of play.

It is with keen regret on the part of the Bucknell students and friends, that, with the close of this season, C. W. P. Reynolds terminates his coaching career for the Orange and Blue. Under his leadership the Bucknell Bison has risen to a place of power among the colleges outstanding in the gridiron sport. In rendering this great service he endeared himself, both as a coach and a man, to the entire Bucknell following. He ever commanded the fullest confidence and admiration of all Bucknellians, as well as the earnest respect of the whole football world. His thousands of friends, popularly and rightfully, describe him as unassuming, gentlemanly, and efficient at all times.

To "Pete's" successor "Charlie" Moran, the great football mentor of Center College fame, Bucknell extends a welcome hand of confidence and assurance of hearty cooperation.

## Athletics at Women's College

1923—1924

T is with some measure of pride that we review this past epoch in the athletic history of Women's College. True it is that many things have been left undone but truer still is the fact that 1924 finds us farther along the road of athletic endeavor than ever before.

From the spring of '23 comes the memory of May Day, the festival day of Women's College. Then underneath the spreading shade of our campus oaks Margaret Lees was crowned Queen of the May. To her bower came stately court attendants, dancing nymphs, blithesome flowers of many hues, Spanish dancers from the hot hillsides of sunny Spain—all to pay homage to their queen. The memory of this day will linger long in the minds of those who danced before the queen and of those who formed her adoring circle of admirers. The success of this fête was largely due to the untiring efforts of Miss Agnes MacCann, Physical Director.

This year marks the rise of a new precedent. The Pan-Hellenic Organization, wishing to encourage athletic enthusiasm and to foster friendly competition among the women of the college, presented to the champion Junior Hockey Team a silver loving cup. Unfortunately Fate did not smile kindly on the Class of '25 this season and the plucky Freshman team walked off with the much coveted cup. Now we believe more firmly than ever in that old Biblical adage "and a little child shall lead them."

Whether you are aware of it or not, we have a Helen Wills-in-the-making in our midst. For three consecutive years Alice Stokes has held the tennis championship of her class and this year all call her champion. Past hockey, basket-ball, and hiking participations have made her a proud wearer of the "B"—the only girl in many years to gain such an honor. Women's College is proud of "Stokes".

Whatever our past achievements have been, it is the future with which we concern ourselves. We are looking forward as never before to some real, live basket-ball. Inter-dormitory and inter-class teams are being whipped into shape. It is well worth noting that for the first time in its history the Y. W. C. A. is taking a definite stand for good sportsmanship by organizing intra-association teams.

Yes, the future lies before us. May the motto of our association be "Live square, play fair, and hit the line hard."

## Losing Your Pep?

Perhaps your eyes are the cause.

With fully 70 per cent of us it is an unknown visual defect which is slowing us up.

Fact! Don't remain in the "dark". Know that your eyes are efficient as they should be—not hampering your mental and physical vitality.

Proper eye-care demands yearly attention.

## Making a Store Serve

You've discovered, no doubt, that the best thing you do for yourself, is something you do for others.

We've discovered that in business; the best way for us to make this business grow, to make it more profitable, is to make it serve the public.

We know what men want in things to wear; we know where to get them, what they cost, what they're worth to you. Knowing these things, all we have to do is to get such things, mark them at fair prices, and guarantee your satisfaction.

It seems simple, doesn't it? It is a business conducted on such a basis ought to prosper, grow large, make money, it has

THE Class of '25 will remember its Junior year for three outstanding events in Bucknell history: the half million dollar endowment drive, the initial work on the new Stadium, and the enlargement of the College Inn. While our improvements are relatively insignificant, still we are endeavoring to maintain the pace of this rapidly growing institution in meeting the various social and catering needs of college life. We thank you for your co-operation of the past and present and trust that the coming years will still find you kindly disposed toward the College Inn.

"Slim" Reed—"The fellow that wrote the Bible must have been extremely partial."  
"Slats" Nameche—"How do y'n figure?"  
"S" R.—"Why—he wrote a whole section on St. Paul and never said a word about  
Minne Apolis."

### Dumb!!

Frosh—"Where's the aquarium around this place?"  
Bosh—"What aquarium?"  
Frosh—"Why—the place where they keep the University Seal!"

### Sure!!

Dr. Lawson—"Would the aroused reaction-tendency predispose the individual to  
make a certain end-reaction when the stimulus for that reaction is present?"  
"Mose"—"Apple-Sass!!"

### I See!!

Challis—"They're taking blind men in the navy now."  
Brandt—"How come?"  
Challis—"Taking them out to sea!!"
